Outlook Therapeutics to Present at the Virtual BIO Investor Forum Digital

October 7, 2020

MONMOUTH JUNCTION, N.J., Oct. 07, 2020 (GLOBE NEWSWIRE) -- [Outlook Therapeutics, Inc.](#) (Nasdaq: OTLK), a late clinical-stage biopharmaceutical company working to develop the first FDA-approved ophthalmic formulation of bevacizumab-vikg for use in retinal indications, today announced that Lawrence Kenyon, President, CEO and CFO of Outlook Therapeutics, will participate at the [BIO Investor Forum Digital](#) taking place on October 13-15, 2020.

The Outlook Therapeutics corporate presentation will be available on-demand during the conference to those registered to attend. Additionally, management will also be available to participate in virtual one-on-one meetings with qualified members of the investor community who are registered to attend. Interested parties can request a meeting through the conference portal. For additional information about the conference, please visit the [conference website](#).

About Outlook Therapeutics, Inc.

Outlook Therapeutics is a late clinical-stage biopharmaceutical company working to develop ONS-5010 / LYTENAVA™ (bevacizumab-vikg) as the first FDA-approved ophthalmic formulation of bevacizumab-vikg for use in retinal indications, including wet AMD, DME and BRVO. If ONS-5010 is approved, Outlook Therapeutics expects to commercialize it as the first and only FDA-approved ophthalmic formulation of bevacizumab-vikg for use in treating retinal diseases in the United States, United Kingdom, Europe, Japan and other markets. Outlook Therapeutics expects to file ONS-5010 with the U.S. FDA as a new BLA under the PHSA 351(a) regulatory pathway. For more information, please visit www.outlooktherapeutics.com.
