Item 14. Indemnification of Directors and Officers.

As permitted by Section 102 of the Delaware General Corporation Law, we have adopted provisions in our amended and restated certificate of incorporation and amended and restated bylaws that limit or eliminate the personal liability of our directors for a breach of their fiduciary duty of care as a director. The duty of care generally requires that, when acting on behalf of the corporation, directors exercise an informed business judgment based on all material information reasonably available to them. Consequently, a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends; or
- any transaction from which the director derived an improper personal benefit.

These limitations of liability do not affect the availability of equitable remedies such as injunctive relief or rescission. Our amended and restated certificate of incorporation also authorizes us to indemnify our officers, directors and other agents to the fullest extent permitted under Delaware law.

As permitted by Section 145 of the Delaware General Corporation Law, our amended and restated bylaws provide that:

- we may indemnify our directors, officers and employees to the fullest extent permitted by the Delaware General Corporation Law, subject to limited exceptions;
- we may advance expenses to our directors, officers and employees in connection with a legal proceeding to the fullest extent permitted by the Delaware General Corporation Law, subject to limited exceptions; and
- the rights provided in our bylaws are not exclusive.

Our certificate of incorporation, attached as Exhibit 3.1, and our bylaws, attached as Exhibit 3.3, provide for the indemnification provisions described above and elsewhere herein. We have entered into separate indemnification agreements with our directors and officers that may be broader than the specific indemnification provisions contained in the Delaware General Corporation Law. These indemnification agreements generally require us, among other things, to indemnify our officers and directors against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from willful misconduct. These indemnification agreements also generally require us to

advance any expenses incurred by the directors or officers as a result of any proceeding against them as to which they could be indemnified. In addition, we have purchased a policy of directors' and officers' liability insurance that insures our directors and officers against the cost of defense, settlement or payment of a judgment in some circumstances. These indemnification provisions and the indemnification agreements may be sufficiently broad to permit indemnification of our officers and directors for liabilities, including reimbursement of expenses incurred, arising under the Securities Act of 1933, as amended, or the Securities Act.

We have entered into indemnification agreement with our directors and executive officers, in addition to the indemnification provided for in our amended and restated certificate of incorporation and amended and restated bylaws, and intend to enter into indemnification agreements with any new directors and executive officers in the future.

We have purchased and currently intend to maintain insurance on behalf of each and every person who is or was a director or officer of our company against any loss arising from any claim asserted against him or her and incurred by him or her in any such capacity, subject to certain exclusions.

The form of Underwriting Agreement, attached as Exhibit 1.1 hereto, provides for indemnification by the underwriters of us and our officers who sign this Registration Statement and directors for specified liabilities, including matters arising under the Securities Act.

Item 15. Recent Sales of Unregistered Securities.

The following list sets forth information as to all securities we have sold since the preceding three years up to the date of this document, which were not registered under the Securities Act.

- (a) In 2013, we issued a total of 1,700 shares of our Series B redeemable preferred stock to one institutional investor and two individual investors for a purchase price of \$1,000 per share, or \$1,700,000 in the aggregate. - (b) From March 2013 to May 2013, we issued a total of 605 shares of our Series A redeemable preferred stock to five individual investors for a purchase price of \$1,000 per share, or \$605,000 in the aggregate. Each share of Series A redeemable preferred stock converted into shares of our common stock and Series A preferred stock in October 2015 in connection with our reincorporation in Delaware.
- (c) Between July 2013 and November 2013, we issued 550,000 shares of common stock to two individuals for services provided in connection with sales of redeemable preferred stock. All of these shares of common stock converted into shares of our common stock in October 2015 in connection with our reincorporation in Delaware.
- (d) In March 2014 we sold an aggregate of 4,000,000 shares of our common stock to an institutional investor at a purchase price of \$1.75 per share, or \$7,000,000. In June 2014, we sold an additional 2,000,000 shares of our common stock to this investor at a purchase price of \$2.00 per share, or \$4,000,000. All of these shares of common stock converted into shares of our common stock in October 2015 in connection with our reincorporation in Delaware.
- (e) From June 2014 through November 13, 2015, we issued 2,454,480 performance stock units, or PSUs, in exchange for shares of restricted stock and stock options granted prior to June 2014, and 196,200 additional PSUs during the years ended September 30, 2014 and 2015, all of which were granted under our 2011 Equity Incentive Plan. Of the shares of restricted stock included in the exchange, 333,500 shares of restricted stock were granted subsequent to November 2012.
- (f) In June, July and September 2015, we sold an aggregate of 6,091,035 shares of our common stock to nine institutional investors for a purchase price of \$7.475 per share or approximately \$45.5 million in the aggregate. Citigroup Global Markets, Inc. and Jefferies LLC, each a registered broker-dealer and member of Financial Industry Regulation Authority, Inc., served as placement agents in this offering. The placement agents earned an aggregate of \$1.4 million in commissions with respect to this offering.
- (g) In October 2015, in connection with our reincorporation in Delaware, we issued 7,568,000 shares of our common stock and 10,193 shares of our Series A preferred stock in exchange for all then outstanding shares of common stock, Series A redeemable preferred stock and Series B redeemable preferred stock.
- (h) In October 2015, we issued 782,000 shares of our common stock and 1,626 shares of our Series A preferred stock in exchange for all outstanding Series A and Series A Hybrid Units of our former subsidiary Parilis Biopharmaceuticals LLC.
- (i) In December 2015, we issued 3,678,425 restricted stock unit awards under our 2015 Equity Incentive Plan.

- (j) In December 2015 and January 2016, we sold an aggregate of 1,978,224 shares of our common stock to 19 accredited investors for a purchase price of \$8.42 per share or approximately \$16.6 million in the aggregate. Jefferies LLC, Arclight Advisors LLC and Alere Financial Partners (a division of Cova Capital Partners, LLC), each a registered broker-dealer and member of Financial Industry Regulation Authority, Inc., served as placement agents in this offering. The placement agents earned an aggregate of approximately \$62,500 in commissions with respect to this offering.

We claimed exemption from registration under the Securities Act for the sale and issuance of securities in the transactions described in paragraphs (a)-(d), (f)-(h) and (j) by virtue of Section 3(a)(9), 4(a)(2) and/or Regulation D promulgated thereunder as transactions not involving any public offering. All of the purchasers of unregistered securities for which we relied on Section 4(a)(2) and/or Regulation D represented that they were accredited investors as defined under the Securities Act. We claimed such exemption on the basis that (a) the purchasers in each case represented that they intended to acquire the securities for investment only and not with a view to the distribution thereof and that they either received adequate information about the registrant or had access, through employment or other relationships, to such information and (b) appropriate legends were affixed to the stock certificates issued in such transactions.

We claimed exemption from registration under the Securities Act for the sales and issuances of securities in the transactions described in paragraphs (e) and (i) above under Section 4(a)(2) of the Securities Act in that such sales and issuances did not involve a public offering or under Rule 701 promulgated under the Securities Act, in that they were offered and sold either pursuant to written compensatory plans or pursuant to a written contract relating to compensation, as provided by Rule 701.

Item 16. Exhibits and Financial Statement Schedules.

- (a) Exhibits. See the Exhibit Index attached to this Registration Statement, which is incorporated by reference herein.
- (b) Financial Statement Schedules. Schedules not listed above have been omitted because the information required to be set forth therein is not applicable or is shown in the financial statements or notes thereto.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes to provide to the underwriters at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriters to permit prompt delivery to each purchaser.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

The undersigned Registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this Registration Statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this Registration Statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

If **COMPANY** exercises the option, the Parties shall negotiate in good faith the terms of a mutually acceptable Commercial License Agreement, which will provide, in part, as described in Exhibit 2.

4.1.1 Research License Payment. Upon execution of this Agreement by **COMPANY**, Company shall pay Selexis One Hundred Thousand Swiss Francs (CHF 100,000). [*] will be due Selexis within [*] days of execution and the remaining [*] due within [*] days of execution of this Agreement.

- a) All payments by **COMPANY** hereunder shall be made in full without any deduction or withholding whatsoever and free and clear of and without any deduction or withholding for or on account of any Taxes, except to the extent that any such deduction or withholding is required by law in effect at the time of payment. Any tax required to be withheld on amounts payable under this Agreement shall promptly be paid by **COMPANY** on behalf of Selexis to the appropriate governmental authority, and **COMPANY** shall furnish Selexis with proof of such payment of Taxes.
- b) Each Party shall do all such lawful acts and things and execute and deliver such documents, deeds and other papers and take such further actions as may be reasonably required to lawfully enable Selexis and **COMPANY** or their respective Affiliates to mitigate withholding taxes, such as taking advantage of any applicable legal provisions or any double taxation treaties, for the purpose of assigning to Selexis full tax credit for or recovery of amounts deducted or withheld by **COMPANY** pursuant to paragraph (a) of this Article. In the event that Selexis is not able to fully enjoy the tax credit in its jurisdiction for amounts so deducted or withheld, or recover such amounts, because **COMPANY** has failed to comply with this Article, **COMPANY** shall pay the differences between (i) amounts of deduction or withholding made and (ii) the actual amount of tax credit which Selexis obtained in its jurisdiction, grossed-up by such amount which represents withholding tax not recoverable by Selexis in form of a tax credit or any other form.

5 Intellectual Property

5.1. Ownership. Subject to the rights being granted to Company hereunder, this Agreement will not affect either Party's right and title in and to its Inventions and Know-How which exists on the Effective Date of this Agreement or which is thereafter developed independently of the performance of this Agreement.

5.2. Each Party represents that it has or will secure valid and sufficient arrangements and agreements with its directors, officers and employees (which term shall include agents, consultants and

subcontractors) to comply with the Sections 5.3 to 5.6.

- 5.3. Notwithstanding Sections 5.4, 5.5, 5.6 and 5.7, any Invention arising in connection with this Agreement relating to the use of a Cell Line developed hereunder for expressing any specific recombinant protein, or to the specific recombinant protein itself, shall, subject to the terms of the Research License and/or any Commercial License, be exclusive to **COMPANY** and treated as if owned by **COMPANY**. Unless otherwise agreed, **COMPANY** shall have full control over the decision to file an application for a patent in respect of any such Inventions, including paying the costs of obtaining, maintaining or defending any Patent Rights.
- 5.4. Subject at all times to Section 5.3, any Invention arising in connection with this Agreement developed solely by **COMPANY** shall be **COMPANY**'s sole property and any Invention developed solely by Selexis shall be Selexis' sole property. Selexis shall during the Term pay all renewal fees and do all such acts and things as may be necessary to maintain the Selexis Patent Rights.
- 5.5. Subject at all times to Section 5.3, any Invention arising in connection with this Agreement developed jointly by the Parties, but which represents either expansion or extension of the Patent Rights or Know-How of Selexis only, shall be owned solely by Selexis and shall form part of the Selexis Patent Rights.
- 5.6. Subject at all times to Section 5.3, any Invention arising in connection with this Agreement developed jointly by the Parties, but which represents either an expansion or extension of the Patent Rights or Know-How of **COMPANY**, including any Invention relating to a recombinant protein nominated by **COMPANY**, shall be owned solely by **COMPANY**.
- 5.7. Subject at all times to Section 5.3, any Invention arising in connection with this Agreement developed jointly by the Parties, which is not owned solely by one Party or the other in accordance with this Agreement, shall be owned jointly by **COMPANY** and Selexis and shall be handled as follows:
- 5.7.1 If both Parties agree to file an application for a patent in respect of any such Invention (a "Joint Patent") then the Parties shall share equally the filing and prosecution costs related to such applications, the maintenance costs and the costs of defending any resulting patent from attack, and the ownership and control of any Joint Patent (or other form of intellectual property protection) issuing thereon shall vest equally with **COMPANY** and Selexis. Each Party shall have the right to use and sublicense the Invention provided that a fair and reasonable share of net revenues, as agreed between the Parties acting in good faith, received by such Party as a result of such use or sublicense shall be payable to the other Party.
- 5.7.2 If the Parties agree that an application for a patent may be filed but at any time one Party is unwilling to pay for its half of the costs of obtaining, maintaining or defending a Joint Patent, such Party shall assign all its rights in and to such Invention (including its rights in

CONFIDENTIAL

any Joint Patent, its right to a share in revenues received in relation to such Invention and its rights to use and sublicense the use of the Invention) to the Party willing to pay all of those costs, whereupon it shall cease to be deemed a Joint Patent. The Party declining to share such payment shall, at the reasonable cost of the other Party, render to the other Party such assistance, do such acts and execute such documents as might reasonably be required to give that Party the full benefit of this Section 5.7.

5.7.3 Each Party shall promptly notify the other Party of any infringement of any Joint Patent which comes to its attention and the parties shall consult in good faith with a view to agreeing a joint response to such infringement, including any proceedings against any infringer. In the event that the Parties agree to respond jointly to the infringement, the Parties shall, unless otherwise agreed in writing, share equally all costs associated therewith and any damages or account of profits awarded to the Parties or settlement sum negotiated by the Parties. Where one Party alone (the "Responding Party") wishes to take such proceedings, the other Party shall provide all reasonable co-operation including but not limited to allowing (and doing all things reasonably necessary to allow) the other Party to prosecute those proceedings in their joint names, provided that (i) the Responding Party shall be responsible for the entire cost of any such legal proceedings and shall indemnify the other Party with regard to all costs, expenses, damages or account of profits awarded against the other Party as a result of the other Party's name being used in any proceedings, but the Responding Party shall be entitled to all costs, damages, or account of profits that may be obtained or awarded; (ii) the Responding Party shall not make any admissions, or consent to the making of any order by any court, regarding the scope, validity or enforceability of the Joint Patent without the prior, written consent of the other Party; and (iii) the Responding Party shall keep the other Party informed with regards to any steps taken in response to an infringement and shall consult the other Party over proposed future steps that are likely to have a material effect on the conduct of any legal action.

5.8. Each of the Parties hereto will promptly notify the other of any Invention arising in connection with this Agreement provided that **COMPANY** is only obliged to notify Selexis of such Inventions to the extent they directly relate to the Selexis Technology.

5.9. In the event Selexis possesses, acquires, creates or is licensed any improvements to the Selexis Technology, subject to any bona fide obligations owed by Selexis to third parties (in respect of which Selexis has notified **COMPANY**), such improvements shall automatically be included in the Selexis Patent Rights and/or the Selexis Know-how and thereby disclosed and licensed at no extra cost to **COMPANY** in accordance with this Agreement.

5.10. Third Party Patent Rights. Selexis covenants that if Selexis becomes aware that **COMPANY**'s

CONFIDENTIAL

exploitation of its rights hereunder would, or would allegedly infringe any Third Party proprietary rights, Selexis shall use its best efforts to resolve such infringement at Selexis' cost to ensure **COMPANY's** freedom to continue to use the licenses pursuant to this Agreement, including using reasonable endeavours to obtain a license from the Third Party owner of the proprietary rights which entitles Selexis to continue to grant the rights to **COMPANY** as mentioned herein. Should such efforts not be successful, Selexis shall inform **COMPANY** in writing and thereafter either Party may terminate this Agreement with immediate effect, save that Selexis shall not have such right to the extent that **COMPANY** agrees to waive any liability Selexis would otherwise have to **COMPANY** hereunder in respect of the infringement of the Third Party proprietary right in question.

- 5.11. Enforcement of Selexis Patent Rights. If during the Term, either Party becomes aware of any infringement or potential infringement of the Selexis Technology, it shall promptly notify the other Party in writing and the Parties shall consult with each other to decide the best way to respond to such infringement or misuse. Selexis covenants that if Selexis becomes aware of an infringement of the Selexis Patent Rights by Third Parties in the Licensed Field of Use, Selexis shall use its best efforts to prevent or enjoin such infringement. In the event Selexis is unable or unwilling to sue the alleged infringer within (i) [*] days of the date it becomes aware of such infringement, or (ii) [*] days before the time limit, if any, set forth in the applicable laws or regulations for the filing of such actions, whichever comes first, then **COMPANY** may, but shall not be required to take such action as **COMPANY** may deem appropriate to prevent or enjoin the alleged infringement or threatened infringement of Selexis Patent Rights. In such event, **COMPANY** shall act at its own expense, and Selexis shall cooperate reasonably with **COMPANY** at the expense of **COMPANY**, and Selexis agrees to be named as a nominal Party. In the event of such action by **COMPANY**, the **COMPANY** shall be entitled to all costs, damages, or accounts of profits that may be obtained or awarded.
- 5.12. COMPANY Intellectual Property. Subject to Section 5.7, **COMPANY** shall retain all right, title and interest in (and the unrestricted right to use) any and all information, data, results, Know-How, products and the like, whether patentable or not, arising out of the conduct of the licenses granted hereunder and all intellectual property appurtenant thereto, including without limitation the Licensed Product composition or sequence and any related intellectual property. **COMPANY** shall have the unrestricted right to publish or otherwise disclose the results and data obtained by the practice of the Selexis Technology provided such disclosure does not include the Confidential Information of Selexis. Where appropriate and where reasonable, the name of Selexis shall be given proper recognition in such publication(s) as scientifically appropriate.
- 5.13. Further assurance. Each Party agrees to execute and do all things at the cost of the other Party (if not specifically agreed otherwise) as the other Party may reasonably require to give that other Party the full benefit of the provisions of this Section 5.

6.6. Notification. Selexis shall notify **COMPANY** promptly during the Term of this Agreement, if:
